get this spring started off with a great sense of community.

The skating rink was a huge success this year. I would like to thank Troy and Terry for all their hard work at the skating rink. The weather was hard to work with this year.

Make sure to check out the hall and book it for your events. We have a great kitchen and lots of room to have birthday parties, weddings and more. The use of the hall is a great way to give back to the community and help us improve on our already amaz-

ing amenities.

Volunteering for our bingo's can really pay off. For every 4 bingo's worked you get \$100.00 for the year that can be used towards a sport of your choice. Contact Dennis for more details about getting involved in volunteering. Let's make this community a better place.

Your Community League President,
Denise Criss

This winter has been amazing and spring is among us. We have some great things to look forward to this spring. There are going to be spectacular yards to look at and wonderful weather to get us outside and moving. Our spring fling, AGM and our volunteer appreciation are right around the corner. Our winter programs are ending soon and we are ready to

Evergreen Garden Club News

Greetings fellow gardeners! The busiest season of all is upon us! If you want to save yourself a little bit of trouble on the front end of seedling but still want to get some things started early, check out the "seedling clumps" that Kuhlmann's and some other greenhouses sell this time of year. You can find ready-to-transplant seedling clumps containing 5-20 plants for less than \$5. Seedling clumps are available for most vegetables and a lot of annual flowers. Popular amongst the Garden Club members who purchase these are varieties of lettuce, lobelia and petunia.

Our last meeting was our first ever Terrarium Planting. Members were given glass containers, decorative rocks, charcoal, landscaping fabric, plants and props to create miniature landscapes under glass. The creativity and diversity of our

group was again clearly evident as so many different, yet beautiful terrariums resulted from the same supplies and instruction. Members showcased their terrariums at our Open House on March 24th. Thank you if you joined us to take a look at our creations, enjoyed some free cake, got a seedling, or sharpened a garden tool.

There is no better time to spend \$10 to become a member of the Evergreen Garden Club. That way you can join us at our next meeting, May 7th at 6:30pm at **Kuhlmann's Greenhouse**, NOT the hall. (Please note this May meeting takes the place of our April

meeting, so **there is no Garden Club meeting in April**.) We will be doing our annual container planting. Members must bring a pot 18" or less in

diameter. Following an information session on container planting and a

private tour of their greenhouses, Kuhlmann's allows our members to pick any annuals they want from the greenhouse to put in their container. Soil, slow-release fertilizer and refreshments are provided. Kuhlmann's keeps the containers until the end of May, giving them the perfect amount of fertilizer, light, water and trimming. Members simply go after the last frost and pick up a beautiful pot of their own design to grace their garden, at no cost. Sound interesting and fun? It is! Call Mary at 406-5710 for more information.

The Evergreen Garden Club is a lively group ranging from the rookie gardener to the expert horticulturalist. We meet at the hall once a month, year-round, for garden-related crafts, activities, movies, speakers and trips, and we'd love to meet YOU.

*Join the club, meet new friends,
share a few laughs...and go
home feeling good.*

It is officially Spring. You may now all go out and act Springy.

I expect to see much frolicking on the lawns, shoulders being scratched against trees and simple meals of bread, fruit, cheese and wine (juice for those who do not or cannot have wine) being taken on park benches, big rocks by the river or some place that lends itself to greater appreciation of the greening earth. Oh, yes, flowers... I expect to see garlands of them in the hair of all, gender notwithstanding.

Go. Go now! You may sing my praises to the sky for this timely reminder while you're at it. GO!!!

Bicycle Helmet Safety

Bicycle crashes are the leading cause of brain injury in school-aged children. Most injuries occur when a cyclist suffers a fall, strikes a stationary object, or collides with another cyclist or pedestrian. Remember – it is the law in Alberta that cyclists under the age of 18 must wear a helmet (and highly recommended for all ages). Helmets should be CSA approved and worn during recreational activities such as skateboarding, in-line skating, or cycling.

Getting informed

- Wearing a helmet while cycling can prevent a serious injury or save a life.
- Brain injuries can cause permanent disability or death.
- Reduce your risk by always wearing your helmet.
- Replace any helmet that has been involved in a crash, even if it appears undamaged.

Getting started

- Allow children to assist when buying their helmet. Cyclists who choose their own helmet are more likely to wear them.
- Start the habit early. Young children learning to ride tricycles need to wear helmets.
- Parents must lead by example: always wear your own helmet when cycling.

Getting the right fit

- Take the time to properly fit and adjust your helmet to ensure maximum protection in case of a crash.
- When worn properly, helmets should fit level, not tilted up or down over the forehead.
- Helmets should feel snug, but not too tight. To test the fit, the helmet should not fall off when you shake your head from side to side while the straps are unfastened.
- Adjust the chin straps to form a "Y" below and slightly forward from the ears.
- Only one finger should be able to fit under the chin strap when it is fastened.
- Do not forget to use the sizing pads included with the helmet. They will help improve the overall fit and comfort.

Braided Easter Egg Bread

This decorative Easter bread has whole eggs baked into it! Do not cook the eggs, they will bake at the same time that the bread does. The eggs can be dyed for extra color.

Ingredients

2 1/2 cups all-purpose flour, divided
1/4 cup white sugar
1 teaspoon salt
1 (.25 ounce) package active dry yeast
2/3 cup milk
2 tablespoons butter
2 eggs
5 whole eggs, dyed if desired
2 tablespoons butter, melted

Directions

In a large bowl, combine 1 cup

flour, sugar, salt and yeast; stir well. Combine milk and butter in a small saucepan; heat until milk is warm and butter is softened but not melted. Gradually add the milk and butter to the flour mixture; stirring constantly. Add two eggs and 1/2 cup flour; beat well. Add the remaining flour, 1/2 cup at a time, stirring well after each addition. When the dough has pulled together, turn it out onto a lightly floured surface and knead until smooth and elastic, about 8 minutes. Lightly oil a large bowl, place the dough in the bowl and turn to coat with oil. Cover with a damp cloth and let rise in a warm place until doubled in volume, about 1 hour. Deflate the dough and turn it

out onto a lightly floured surface. Divide the dough into two equal size rounds; cover and let rest for 10 minutes. Roll each round into a long roll about 36 inches long and 1 1/2 inches thick. Using the two long pieces of dough, form a loosely braided ring, leaving spaces for the five colored eggs. Seal the ends of the ring together and use your fingers to slide the eggs between the braids of dough.

Preheat oven to 350 degrees F (175 degrees C). Place loaf on a buttered baking sheet and cover loosely with a damp towel. Place loaf in a warm place and let rise until doubled in bulk, about 45 minutes. Brush risen loaf with melted butter.

Bake in preheated oven for 50 to 55 minutes, or until golden.
