Evergreen Garden Club

November 2021

Greetings fellow gardeners! Have you gotten your perennials ready for winter? Perennials are the flowers and plants in your garden that grow back from their roots every year. Experts recommend putting the leaves from your yard on your perennial beds to help insulate them from our cold winters and give good insects places to overwinter. Perennials can be cut back 16-12" from the ground. Fall is also a good time to share your perennials. Cut the root ball in half (you can be harsh about it, use a shovel if you have to!) and share the plant with your friend, or start another one nearby. Make sure to give them a good soak after you move them or split them. The Evergreen Garden Club has been active in Evergreen for over 20 years. Our members consist of all ages and creeds and levels of gardening expertise. You will find us welcoming, interested in your garden, and ready to trade plants and seeds with you! The Garden Club is always looking for new members age 12 and up and meets once a month on the third Monday of the month to talk about our gardens, listen to speakers on topics like composting, birds, insects, cacti and succulents, watch interesting plant documentaries or make garden crafts or planters. Due to Covid regulations, the surge of the Delta variant and several vulnerable members, we have **PAUSED** meetings for the months of October and November. Please stay tuned for our next meeting as we decide how to continue safely.

In the meantime, please call our President, Linda Z at 780-474-8211 or 780-718-5793 for more information or to sign up.

Join the club, meet new friends, share a few laughs, and go home feeling good.

We want to hear from you!

As many of you are aware we hold various events throughout the year in the Community. We want to hear from the residents any ideas for events what do you want to see at these events? What can we do to create more participation from you our residents?
