Evergreen, meet your Community Association Vice-President

Cori Ramsay moved to Evergreen in 2001 and never looked back, now considering herself a “lifer” of this amazing neighbourhood. She can often be seen walking the streets of Evergreen with her young family of 3, or keeping up her Journeyman ticket by doing electrical work for residents.

Cori first got involved in the community through the Garden Club, where she became Secretary in 2003 and began writing the Garden Club column for this newsletter (which she still does!). After getting a taste of executive duties, she decided to try her hand on the Evergreen Community Association's board in 2005 as Program Director, and took up the President's role in 2006 when the current President stepped down. During that time, she revitalized our skate shack and the Spring Fling, started Canada Day celebrations in Evergreen, and recruited many new faces to the board. After taking a couple years off from the board to spend time with her young twins, she came back as promised, and was elected as Vice President this past May.

She has a real love of Evergreen and her enthusiasm for community events and programs is catching. Please join us in welcoming our new Vice President!

Watch for “meet a Board member” for the next couple of months!

GARDEN CLUB NEWS

Greetings fellow gardeners! We are having a summer of extremes! If it's not boiling hot, it's pouring rain. At least those of us who are gardeners have gotten a bit of a break on our water bills.

If you find the containers you have purchased are not continuing to bloom, try feeding them some fertilizer. A tablespoon of miracle grow in a water canister once a week should get them going again, or for a more natural method, try making a tea from compostable material like vegetable peelings and grass clippings and feeding that to them 2-3 times a week.

For our July meeting, we announced the winners of our 2013 Container Contest and toured the winning containers as a group. Many thanks to the members of the Edmonton Horticultural Society who took the time to tour and judge the entries. Congratulations to our winners of Kuhlmann's gift certificates:

Arlene Cardenas - first place (\$50)

Frances Sutherland - second place (\$25)

Mary Avison—third place (\$10)

Gloria Krawchuk - honourable mention (\$5)

Claudia Anderson - novice (\$15)

Our August meeting will be a new adventure for Garden Club members. We are heading west a mile to the Crop Diversification Centre just across from the Alberta Hospital for a tour of their grounds and an explanation of what the Centre is all about. Members, please note this is the **SECOND** Monday of the month, not the third Monday. Members are to meet at the hall at 6:30pm as usual and we will carpool over to the Centre following a brief meeting. If the weather is poor, we will be postponing the tour until August 26th.

Have you recently moved to Evergreen? Do you have a green thumb, or wish you did? The Evergreen Garden Club is a wonderful place to meet people in your neighbourhood and get to know this vibrant community from a gardener's perspective. We have a vibrant group of close to 40 members, ranging widely in age and gardening ability, and we'd love to meet YOU. Please call Mary at 780-406-5710 for more details on how

to join. Your \$10 annual membership will "reap" many more benefits than you "sow".

Join the club, meet new friends, share a few laughs, and go home

Green Shack Playground Program

This summer, kids can make new friends and have a blast right in our own neighbourhood! Children aged 6 to 12 are welcome to join Joseph in games, sports, crafts, music, drama and special events every weekday. He's the fellow in the blue shirt. Monday to Thursday he's there at 10 a.m. and Friday at 1:30 p.m. Joseph takes his break from 1–1:30 every day except for Wednesdays when the program will end after swimming. All children should be en-

couraged to come home for lunch at that time. Children under the age of 6 are welcome as well, but must be supervised by a parent or guardian at all times. You'll find a list of upcoming activities and special events posted on the window of the Youth Centre each week. Children are free to come and go as they please from our Green Shack Program. Families seeking more formalized supervision are encouraged to reg-

ister in one of the City of Edmonton themed Community Daycamps. For more information, please visit www.edmonton.ca/daycamps.

Accidental poisoning

Alberta Health Services EMS would like to remind parents and caregivers of children of precautions they can take to prevent childhood poisonings. Ingesting medications, prescription or over-the-counter, is the leading cause of accidental poisoning in children. Even small amounts of adult medications can be seriously harmful or even fatal to your child if swallowed. Other causes of poisoning are household products, such as dishwasher tablets, and personal care items, such as mouthwash or nail polish.

Medication storage

- Store all medications in a locked container and place in an area inaccessible to children.
- Keep medications in their original child-resistant packaging.
- Do not mix multiple medications inside one bottle.
- Install child locks on all cabinets or drawers where medications are stored.

Prevention

- Store household products, car supplies, and cosmetics in locked cupboards or drawers.
- Apply child safety latches to drawers and cabinets if they are within a child's reach.
- Know and label all plants in and around your home and garden.
- Antifreeze, windshield washer fluid, and pesticides are extremely poisonous. Even small amounts of these can cause serious illness when ingested.
- Poisoning information can be obtained by calling the Poison and Drug Information Service (PADIS) at: 1-800-332-1414.
- In case of a poisoning emergency, call 9-1-1.**
- Provide the name of the product ingested or, if it is safe to do so, a sample of the substance for EMS to inspect on their arrival.

Safety tips

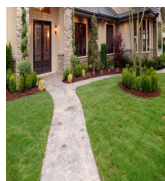

- Ensure visitors to your home keep their personal belongings out of children's reach. They may contain unsafe items.
- Take extra precautions with medicines that appeal to children such as chewable vitamins or flavored cough and cold syrups.
- Properly dispose of any medications or toxic household products no longer in use.

Edmonton Community Legal Centre

For the last 10 years, the ECLC has been providing free legal assistance to low-income individuals in Edmonton. We are able to pair volunteer lawyers with clients dealing with legal problems (landlord-tenant issues, immigration, human rights, employment, income benefits, etc.) - please visit our website at www.eclc.ca <<http://www.eclc.ca> for details; and also regularly hold free legal information sessions at libraries around the city.

We are pleased to announce the remaining 2013 dates for the ECLC's free legal information presentations on family law. The sessions run every Thursday starting at 6:30pm at Stanley Milner Library. They are presented by a volunteer lawyer from the ECLC and include a Q&A session. Each session is on one of 4 topics:

- * Child Custody and Access
- * Child and Spousal Support
- * Property Issues
- * Court Procedure and Evidence

These seminars are ideal for individuals dealing with family law problems, as well as for service providers assisting clients.
